

Gonzalo Suarez

Full Stack Developer

WORK EXPERIENCE

Mar 2024 - Present

Freelance Developer

Freelance

As a freelance developer, I specialize in the design and development of web and mobile applications, committed to delivering results that align with the goals and needs of each project, maintaining clear communication during each stage of development.

Feb 2024 - Present

Software Developer

Universidad Tecnológica Nacional

As a Fullstack developer, I specialize in developing applications from scratch, following each stage of the development process accurately. I also focus on implementing new modules and functionalities in existing applications, and resolving errors to optimize their performance.
